

Safety is Alliance Bank's #1 priority so our App uses multi-factor authentication for safety.

Mobile banking goes where ever you go, available 24/7 and easy to use.

You can:

Check balances

Transfer money between your accounts

Pay bills

Make a loan payment

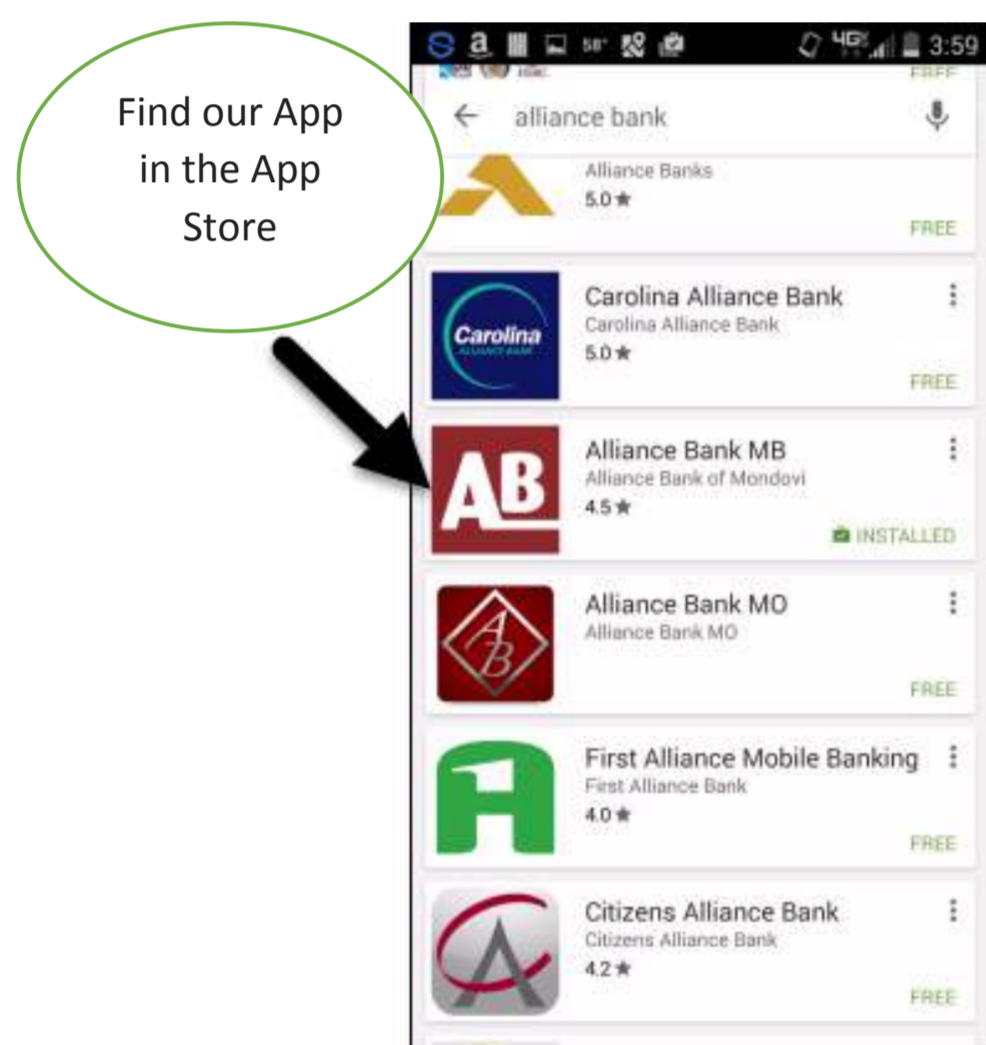

How to Download the Alliance Bank App

In order to use our App you will need to sign up for our Online Banking. All of the information you use to sign into Online Banking will be the same for Mobile Banking. If you want to change your password or Security questions etc. you will need to do that through Online Banking. Depending upon your device you will want to go to one of the following App Stores to download our App (iTunes©) for iPad, iPhone

(Google©) Play Store for Droid or Android devices

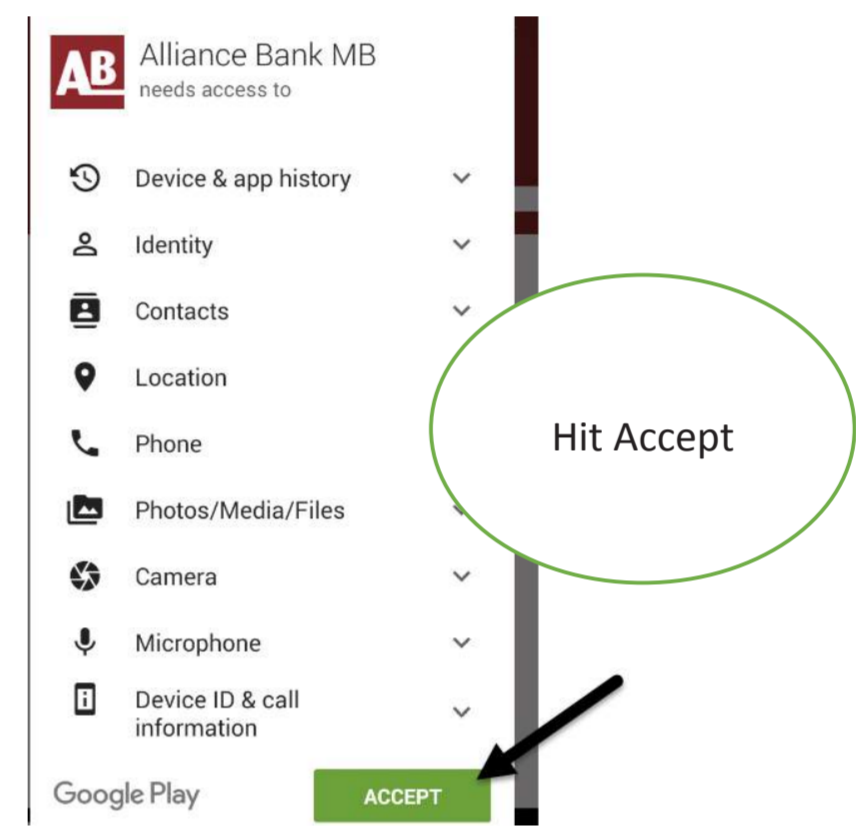

Windows MarketPlace for Mobile for your Microsoft Windows based phones or devices

Depending on which app store you go to, the graphics may look a little different. The examples below are for an Android Device.
